

## GERMAN PAPER WANTS KAISER TO HAVE A WAR

SAYS GREAT WAR ONLY THING  
THAT WILL STOP PROGRESS  
OF SOCIALISM.

BERLIN, Jan. 31.—Die Post, the organ of the German war party, is a leading article about the kaiser's birthday, which was celebrated throughout the country yesterday, urges his majesty to end the fatherland's enervating era of peace and lead it forward to new deeds and new goals.

"Only the division of a great war," says Die Post, "can arouse the best powers of the nation and subjugate the inferior qualities which find expression in the socialist election victories. Germans have never thrived while enjoying eventless peace."

"The German nation never yet refused to loyally follow the kings and emperors, especially along paths that lead to heights. Even though 4,000,000 misguided citizens voted for the party that would dethrone the kaiser and destroy the monarchy, the kernel of the nation remains true to the sovereign."

## SOLDIERS AND STRIKERS BATTLE

(Continued from Page One.)

The number of people entering the mills appeared to be greater than yesterday. There are still 22,000 operatives on strike or forced out by the closing of the mills.

**Strikers Are to Meet.**  
Joseph Jettor, leader of the striking textile operatives, said his men would hold meetings during the day, although it had been declared by Colonel Sweetser that not outdoor meetings of the strikers would be permitted.

Twice during the early hours of the morning shots were fired by militiamen but without injuring anyone. In the first instance ice cutters at work on the Merrimac river were taken for strikers seeking to reach the mill section and a squad of soldiers, after trying in vain to warn them off the ice, fired over the heads of the ice men.

In the other case shots were discharged in the direction of some objects across the river which the militiamen thought, in the dim dawn, were men moving toward the mills, but it was said that the suspected objects were merely logs.

Colonel Sweetser said there was no intention of arresting Strike Leader Jettor unless he should put himself in an attitude of actual opposition to military orders.

## WILSON REGRETS FORMER FRIENDSHIP OF MR. WATTERSON

TRENTON, N. J., Jan. 31.—"The latest statement of Colonel Watterson admits of no comment from me," said Governor Woodrow Wilson yesterday when newspapermen asked him if he had any reply to make to the Kentucky editor's statement, issued last night.

When asked for his reasons for making no comment, the governor said:

"I had hoped that they were self-evident."

The governor then added: "I am only sorry to have to regret the friendship, which, while it lasted, I found interesting and enjoyable."

Asked if he did not mean to say the loss of friendship, the governor replied that he preferred to have the statement understood as he had dictated it.

## TRAINER OF "CURS" WILL TING DOWN TO WEIGHT

CHICAGO, Jan. 31.—Alarm was caused last night among friends of "Doc" Bert Semmens, trainer of the National League Baseball club here, because of his absence from his home, place of business and other familiar stopping places throughout the day. The mysterious "disappearance" was cleared when his name appeared among the list of those obtaining marriage licenses. Mrs. Blanche W. Crosby, 23 years old, had the other side of the contract. It was not learned by his friends whether the ceremony had taken place or not.

## "BUNNY" LETTERS ARE INTRODUCED

SENSATIONAL MURDER TRIAL IN  
PROGRESS IN NEW JERSEY.  
CROWDS PUT OUT.

NEWARK, N. J., Jan. 31.—Court officers yesterday turned away a curious crowd that sought admission to the court room where Allison MacFarland is on trial for the murder of his wife. The announcement by Prosecutor Mott that he expected to show that MacFarland and his alleged "affinity," Florence Bromley of Philadelphia, were guilty of immoral acts and that the defendant took his wife's life that he might marry Miss Bromley, served to develop much interest in the case, but under orders of Chief Justice Gummere only a few persons were admitted to the trial room.

Detective Godfrey testified that MacFarland had talked freely about the case except when he was first questioned about the "Bunny" letters. He finally admitted that "Bunny" was the Bromley girl, Mr. Godfrey said.

Alfred Holle, the undertaker who buried Mrs. MacFarland, testified to hearing a conversation between MacFarland and Godfrey in the police station, in which MacFarland told of having substituted cyanide of bromide in a bottle. MacFarland had added that he did not remember having told his wife of the substitution, Holle said.

A batch of "Bunny" letters were introduced in evidence, after which the state rested.

Counsel for MacFarland called just one witness, Andrew MacFarland, an aged uncle of the defendant. Summing up was then begun.

## WHEN THE FLAG LOOKS GOOD.

"I have been in countries where the laboring man had meat once a year; sometimes twice—Christmas and Easter. And I have seen women carrying upon their heads a burden that no man would like to carry, and at the same time knitting busily with both hands. And those women lived without meat; and when I thought of the American laborer, I said to myself: 'After all, my country is the best in the world.' And when I come back to the sea and saw the old flag in the air, it seemed to me as though the air from pure joy had burst into blossom."—Robert G. Ingersoll.

## MOTORBOAT CUP TO BE DEFENDED THIS YEAR

NEW YORK, Jan. 31.—John J. Ryan of Cincinnati expects that the international motorboat cup will be defended at Huntington bay next summer by his new boat, the Reliance. He is at the motorboat show here this week with the new hydroplane, said to be the speediest craft ever built in America.

"My old Reliance, which beat the Dixie at Buffalo, was good for 27 miles an hour," explained Ryan. "The new boat, Reliance VI, will make better than 47 miles an hour under racing condition. We have tried out the Dixie and figured that in a race she is good for about 42 miles an hour. That is not fast enough. Perhaps some of the new boats will go faster, and the Frenchman with his 1200 horsepower motors may do wonders, but I know what my boat can do and I am willing to back her against the world."

## WOMAN AGED 102 YEARS BAKED A BIRTHDAY CAKE

HEALDSBURG, Cal., Jan. 31.—A cake of her own baking with 102 candles, each candle symbolizing a year of her eventful life, held the place of honor on the table yesterday when "Grandma" Electa Kennedy gave a birthday party in her home at this place.

Mrs. Kennedy was born at Derby, Vermont, in 1810. The Mexican war found her in that republic, where her husband had established a cotton mill. In their flight of 1400 miles, filled with exciting escapes from Mexicans and Indians, Mrs. Kennedy rode astride a mule. The gold rush of '49 brought the couple to California.

Mrs. Kennedy was one of the first women to register when the new suffrage law carried in this state. She attributes her long life to simple living.

# Remember the Annual Report

A law has been enacted in Nevada requiring all foreign corporations doing business in the state to publish an annual financial statement of their last year's business in some daily newspaper of the state. A penalty of \$100 is imposed for non-compliance with the law. It is apparent why this law is not agreeable to many of the companies operating properties in the state. The law, however, has the earmarks of a wise provision for the protection of the public, and should excite no hostility from those companies whose affairs do not thrive best in the dark. Full publicity of their financial affairs will be a great help in the elimination of crooked mining schemes—Chicago Mining World.
